Frequently Asked Questions

What is Essential Botanicals?

Essential Botanicals is a liquid dietary supplement that contains 13 botanicals as well as minerals that are rich in bioactive compounds.

Why should I take Essential Botanicals?

Plants and herbs are rich in phytonutrients. This unique proprietary blend of highly beneficial, all natural nutrients is designed to promote overall wellness.*

Are there any specific reasons why I should take Essential Botanicals?

Think of Essential Botanicals as nature's invigorating herbal tonic. Our lives depend on plants. Plants take in raw materials - carbon dioxide, minerals, water and sunlight - and convert them into useful nutrients. Many herbs are rich in bioactive compounds that have a profound effect on certain tissues and organs.
